

The New Operating System SAN-2006

Santosh Kumar : Computer Teacher

Hello, Bored of the English version of windows. Finally I have decided to launch a new operating System in Hindi named SAN 2006. Here are some Windows related terms that are supposed to be used. So remember them and if you agree to the terms and conditions laid by me you can get a free copy of my new Operating System.

The operating system will be quite similar to Microsoft's Kindkiyan' DoHazar (Windows 2000)
