

WILDLIFE CONSERVATION EFFORTS IN INDIA

1. Cover page –

Topic must be written in the center

Submitted to - Name of the subject teacher (on the left hand side bottom),

Submitted by - Your name, class, roll no. (on the right hand side bottom).

Make the cover page creative by sticking pictures / drawings, which are related to the topic.

2. Acknowledgement – the people you want to thank for helping and guiding you through the completion of the project.
3. Index - There should be four columns:
(i) Serial no. (ii) Topic (iii) Page no. (iv) Teacher's remarks
4. Introduction to the topic –
Meaning of the term wildlife conservation.
5. The growing importance of wildlife in a biome or an ecosystem.
6. Major threats to wildlife - climatic change and global warming, unregulated hunting and poaching, pollution, over-exploitation, deforestation, trade for biomedical research, loss of habitat.
7. Governmental and non - governmental involvement in protecting these species.
8. Concept of National Parks (NP), Reserved Forest (RF), Protected Forest (PF), Sanctuaries, Biosphere reserves, etc.
9. Cite an example of a National Park or Sanctuary that you have visited; highlighting which species are present there and steps taken by the Government to promote and enhance their growth.
10. Conclusion - Priorities for national and international action.
11. Bibliography - the sources from where you have taken help for making the project.

Special Instructions:

- a. Use a biology hard bound file which must be covered.
- b. Page limit - 25 to 30 pages. (inclusive of everything)
- c. You should use interleaved biology sheets.
- d. You can take the help of your course book, encyclopedia, magazines, internet, etc. to make your project informative and original. The matter should not be copied directly from the internet.
- e. The project should incorporate theoretical information in a coherent and concise manner using geographical terminologies. Additional value will be awarded if it supports primary survey or personal review with relevant evidence.
- f. The project should be coupled with maps, diagrams, relevant pictures, pie-charts, bar-graphs, line-graphs pertaining to the topic.
- g. Use of red ink in the project is strictly prohibited.
