

MUTUAL BONDING
CHOTTANAGPUR
AND
BELGIUM

Education is a dynamic phenomenon. Our students are given ample opportunity to be proactive in every sphere of education. Exposure to our own culture and the different cultures of the world help develop one's own personality. Educational tours are one of such sources.

We have had a rich tradition of arranging International exposure for our students. Often and on we have had guests from various countries and especially from Belgium. The school has a very close affinity to the Belgians right from its inception. Belgian parents, teachers and students visit us for different exchange program.

The school forms a group of sixteen students accompanied by two teachers, namely **Mrs. Bella Mohan and Mr. Dennis Dawson** participate in an intercultural exchange programme in Klein Seminarie Roeselare, Aals , Ghent, Harelbeke and Ypres.

They are trained and prepared to represent our culture and beliefs in by experienced chorographer from Kolkata.

In this endeavour many people of good will join hands with the school. The Belgian students in particular are our partners in the Outreach project. They visit our outreach program every year and whatever they collect with their hard work they contribute to the project in cash or kind.
