

PRINCIPAL SPEAKS ON SXD VISION 2020

St. Xavier's School has been a Jesuit institution with one history but many stories, one fire with many sparks; it forms men and women for others, men and women who display competence, commitment, conscience and compassion.

We firmly believe that St. Xavier's is the work of God and it shall continue and excel in the days to come.

We celebrated a GOLDEN JUBILEE of the School in 2010 and continue to celebrate the legacy of 58 years and pledge to prosper with our motto, "**UTSAH SIDHDHAYE.**" (*Strive to Excel*)

We journey with dedication and determination to illuminate the minds of many with enduring wisdom. It is a march towards new directions of expansion, both academic and infrastructure. We have initiated **SXD Vision 2020**.

Though it has already made its mark in the world of education, it needs to expand so that it can cater to a larger number of meritorious as well as needy students in the days to come.

HISTORY OF THE SCHOOL

The School was established in 1960 and it has gone through certain extensions in the course of time. In 1963, a part of the present building in the Senior Section was completed while in 1974- 76, the present Primary section building came into existence. In 1984, the school celebrated its Silver Jubilee and as a remembrance it added another section of the building in the Senior Section. These extensions were quite sufficient till we had only classes from KG to X.

UPGRADATION OF THE SCHOOL

In 2001, the School upgraded itself to Senior Secondary Level. It has a very good beginning. We started only with Science Stream of 2 sections and in 2006 we also added Commerce stream. Thus at Plus Two we have occupied 8 different class rooms. At the moment it is running very well.

Meanwhile, the School progressed in its performances; it could be academics or co curricular activities. It continues to have its name and fame and parents are at a large number start seeking admissions of their wards in St. Xavier's School Doranda. With

this need and demand we have increased one more sections from classes Prep to X which requires 12 additional Class rooms.

RATIONALE OF SXD VISION 2020

1. In the Senior Section, we have 5.15 acres of land. It has a big playground which we like to develop further. However, at the moment we require a separate Plus two building with better facilities in terms of Library, Computer Lab, Science Labs, Class rooms, Conference rooms, staff rooms, multipurpose hall etc for which we have SXD VISION 2020.
2. The above mentioned facilities will be made available for all the students. However, they will be more utilized by Senior Secondary Students.
3. Expansion is necessary to cater to a larger number of meritorious as well as needy students in the days to come.
4. We have increased one more section in each standard. It means that we need 12 extra rooms.
5. In 2020, the School will complete its 60th Years. We would like to celebrate 2020 with gratitude with the members of the Society of Jesus, staff, students and their parents and our esteemed alumni.

NETWORKING & COLLABORATION

Our endeavor to spread our wings towards new horizons requires a consistent cooperation and collaboration. We have called upon the Members of Doranda Old Xaverians (An Association of the Alumni), and parents of our students and our well wishers within the country and outside to come forward to participate in the process of development and expansion of an institution of learning so that it can serve the nation better in the times to come. The Doranda Old Xaverians have been able to network with 3000 alumni within and outside the overseas at the moment with whom they are regularly in contact.

Based on the financial viability and the financial management, we would like to complete VISION 2020 projects in 3 years in three phases.

We assure all the parents of our commitment and dedication in imparting a quality education to our young men and women.

GOD BLESSES.
