

## MESSAGE FROM FR. PRINCIPAL

I am penning these few words in humble retrospection to the impressive heritage treasured by Doranda Old Xaverians since the very beginning of its foundation. DOX is proud witness to true dedication and life today all round the world. In my short but sweet association with the members, I have had come across innumerable instances that point toward the inextinguishable light of Xaverian Spirit. From the scratch it has been able to create a blissful niche for itself. DOX therefore has become a brand name to symbolize love and service to all. Your sheer selfless commitment and allegiance to the Alma Mater speaks volumes of your rich culture that you have erected with ages gone by and it's indeed heartening to see how you make our life promising and cheerful.

DOX today is a worldwide organization with its presence all over the world. The charisma that you picked up in St. Xavier's School Doranda is now enlightening and encouraging many a soul to improve and reorganize the society. It is also worth mentioning that you stand now as an icon of hope for those who seem degenerate in the midst of challenges poses by modern ideologies. Your prosperous legacy is being carried forward with much elegance and is announcing the arrival of many good things in the near future. Yes, you do deserve all the kudos from us for doing us proud and for making DOX an esteemed establishment that is constantly leading from the front.

You are the torch bearers of the day and have created an endearing place among the hearts of people around you. I wish you all the best for your future endeavours. Let your light always glow the place where you dwell.
